KESAVAKUMAR R

Full Stack Developer (MERN)

9444237869 | kesavakumar0005@gmail.com | Nagercoil, Tamil Nadu, India | LinkedIn | Portfolio

PROFILE

Full-Stack Developer with proficiency in JavaScript, React, Node.js, and MySQL, experienced in building scalable web applications with intuitive user interfaces. Proficient in developing RESTful APIs on the back end, implementing server-side logic using Express.js, and managing databases with MongoDB.

TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind
Backend: Node.js, Express.js, RESTful APIs
Database: MongoDB, MySQL
Cloud: AWS (ECS, S3, Lambda, SQS, DynamoDB, Cognito, CloudWatch)
Version Control/Tools: Git, GitHub, Microsoft Office

WORK EXPERIENCE

Full Stack Developer Intern Jul '26 — Present
ORANGE MEGA SOFTWARE

- Developed a full-stack Headless CMS using the MERN stack with secure authentication and role-based admin access.
- Built AI-powered features for blog content generation, image generation, SEO metadata, and conversational editing using the Gemini API.
- Designed responsive admin and client interfaces with React, integrated REST APIs, MongoDB, image uploads, categories, and scheduled publishing.

Full Stack Developer Intern Feb '26 — Jun '26
AGILE TRIBERS

- Developed a full-stack Lead Management CRM application using the MERN stack to capture and manage customer leads.
- Built a responsive admin dashboard with lead status tracking and conversion analytics.

PROJECTS

Pinterest Clone

- Developed a full-stack Pinterest-inspired web application with secure user authentication, image uploads, and RESTful API integration using the MERN stack.
- Implemented core features including a responsive masonry feed, post details page, like and save functionality, and user profile management with MongoDB for data storage.

Lead Flow - Lead Management CRM

- Built a full-stack Lead Management CRM with lead creation, status tracking, assignment, filtering, follow-up scheduling, dashboard notifications, and automated email reminders.

Shopping Cart Application

- Built a full-stack shopping cart application using React, Express.js, and MongoDB with product listing, dynamic cart management, quantity controls, and real-time price calculation.

TRAINING

KARKA SOFTWARE Aug '25 — Jan '26

- Hands-on training in MERN Stack development, building full-stack applications using MongoDB, Express.js, React.js, and Node.js.

EDUCATION

Degree in Data Science and Applications, Indian Institute of Technology (IITM) May '24 — Jul '25
Chennai(Remote), India

Bachelor of Computer Application, Noorul Islam College of Arts and Science (GPA: 7.6) Jul '20 — Dec '23
Nagercoil, India

CERTIFICATION
